

Taste of Overbrook – **Heavenly Treasures Resale Shop**

Most, if not all, of us have things in our homes that are too good to give to Goodwill, but are not “right” for us. There’s that classy lamp that just doesn’t match the living room furniture, or that coffee maker for 8 which you never have used. Or perhaps there’s that lovely blouse that still has the tags on it because it’s 2 sizes too small. We have a solution to this problem, which benefits the church in the process.

Instead of a silent auction during the Taste of Overbrook this year, we are opening the **Heavenly Treasures Resale Shop**. We invite you to donate some of your best unneeded items to be put on sale, and invite all who come to the Taste of Overbrook to browse and buy.

Here are some details:

1. Each family can donate a total of 10 items. This is not a flea market. Please do not bring damaged or worn out items. Donated clothing must be new, preferably with the tags still on.
2. Please fill out a donation form.
3. Items can be brought to the church from Sunday, September 17 through Friday, October 20. The Taste of Overbrook is on Saturday, October 21.
4. Let us know if you need us to pick up your donation from your home.
5. The committee reserves the right to gently and politely reject any items.
6. On the donation form, we ask you to put a value on the item to help us determine prices. We will combine that information with our own guidelines to determine a fair price.

Overbrook members and friends also have valuable talents they may want to put on sale at the Taste of Overbrook. There’s the teenager who babysits or does chores, the computer whiz who can solve your computer problems, items, and the cook who can create a dynamite vegetarian dish. If you wish to donate such wonderful services, please fill out a donation form.

The **Heavenly Treasures Resale Shop** will be open during the Taste of Overbrook. New items will be put out every half hour. As soon as you see something you like, you can purchase it on the spot. Please contact us with any questions:
